## Skills

- C, C ++, Java, Python,
- Html, Css, Php, Javascript
- MySql.PostgresSql.Xml for data-storing
- Redhat
- software testing
- Data Science, Django

## Certificates

- Redhat RHCSA
- star cloud computing
- star ethical hacking
- Comptia IT Fundamentals

## Experience

### JetKing,Whileloop 2024-current

As a software development trainer at Jetking and Whileloop IT Training, I have taught students programming languages like Python, Javascript, and Java, as well as web development, designing and delivering training programs, mentoring projects, and evaluating student progress, honing my technical expertise, communication skills, and ability to adapt to new technologies and teaching methods.

### DR . D.Y.PATIL Arts, Commerce And Science Women's College 2023 -2024

Served as a Computer Lab Assistant, teaching programming practicals and handling clerical tasks. Managed the lab, supported NAAC accreditation, and used technologies like C, C++, Data Structures, Ubuntu, PostgreSQL, PHP, Python, HTML, CSS, JavaScript, and GitHub. Contributed to student data management and marketing efforts.

### IANT Institute 2022-2023

Worked as a faculty at IANT, teaching software development, programming languages, and testing. Technologies taught include Postman, JMeter, Core Java, C, C++, Selenium WebDriver, TestNG, HTML, and CSS. Key responsibilities included programming instruction, logic building, student management, and marketing activities.

## Education

### Dr D.Y Arts Commerce and Science College

Bachelor of Computer Applications  
2023- 2025

### IANT

Computer Hardware And Networking Course  
2018-2019

### Maratha Mandal Polytechnique

Diploma Computer Science and Engg  
2015-2018

## Projects

- Django Application for Gas Utility Services (TYBCA): Developed a web-based application for consumer services in the gas utilities sector.
- Detecting and Analyzing Depression in Women (TYBCA): Applied machine learning and data science techniques for analysis and detection.
- Battery Alarm Application (TYBCA): Created an alarm application using Java and associated libraries.
- Simulation of Cloud Computing and Eco-Efficient Data Center (Diploma TYCSE): Simulated efficient data center operations in a cloud environment.
